

# COP-R-SHIELD PC

## Cop-R-Shield PC | Non-Asphaltic Copper Flashing

### DESCRIPTION

Cop-R-Shield PC is our non-asphaltic copper flashing ideal for deck construction and termite shield protection. Advanced Building Products uses a durable 5 mil. poly laminated to a 3 oz. piece of copper. The copper and poly technology gives our flashing superior tensile strength, puncture resistance, and self-sealing capabilities. Cop-R-Shield PC should be installed with the copper side facing the plywood sheathing and the poly facing out.

### BENEFITS:

- » Used on deck applications, window sills and other openings
- » Easy to form on-site
- » Two layers of protection
- » Compatible with all ACQ pressure treated wood
- » Perma-Lam technology allows protection from corrosion

### FEATURES:

Cop-R-Shield PC is a permanent, premium quality laminated thru-wall flashing consisting of three (3) layers of time proven water-proofing materials combined under heat and pressure into a single sheet. It is flexible and is easily formed by hand at the jobsite.

### SPECIAL REQUIREMENTS:

All materials specified shall be delivered to the site in approved manufacturer's sealed containers bearing manufacturer's name and material identification.
