

## **Mortairvent Weep Screenshot®**

### **Description:**

Mortairvent Weep Screenshot® is designed for use with Stucco, EIFS, Stone, and Stone Veneers. Mortairvent Weep Screenshot® should be installed at the plate line, or stem wall, providing a stop for Stucco, EIFS, Stone, or Stone Veneers. Mortairvent Weep Screenshot® has a patented design which allows moisture to migrate down and shed away from the wall.

### **Available Sizes (35 pieces per carton):**

3 ½" x ¾" x 10' (Holes Pre-Drilled @ 9" O.C.)

### **Available Colors:**

White

Additional Colors (Gray & Tan) may be available upon request, please inquire.
